## **NINETEEN DAYS MORE**

Then the Shriners Will Take Possession of Washington.

ASSURANCES GIVEN OF A GREAT CROWD

Arrangements for Banquet, Parade and Illumination.

THELADIES'COMMITTEE

Only nineteen days will elapse before the to take possession of the nation's capital city, and they will be days replete with ac tivity, not only in Washington, but all over his big Union and Canada. Not only th Shriners themselves, but many others in terested, will be thus animated. The sessions of the Imperial Council, which are to be held in the Columbia Theater, May 22 and 23, will be of such importance to the order that they will attract, as they al-ways do wherever held, thousands of nobles, many of whom take their wives and mothers with them. This throng will reach ver 20,000 persons, who will be immediate y interested in the council work.

But Shriners are proverbially popular people, and their friends like them so well that, where circumstances do not prevent they flock with the nobility wherever it goes. This crowd will come, too, and then there will be another. The lowest rate ever given by the railroads of this country and Canada has been extended to the May meet ne of the Shrine being a single fare for th way the railroad representatives are striv-ing to secure the business, both by exten-sive advertising of the occasion and per-

Greatest in Shrine History. Chairman F. H. Thomas of the executive ommittee having the arrangements in charge finds his mail filled every day with letters showing the wide interest taken.

this:
Fred C. Ewing writes from Greenwood Springs, Col.: "I have just returned from Leadville trying to work up a crowd to go to Washington, and have succeeded in getting a number of nobles to join our pilgrimage from El Jebel. It is the consensus of opinion that this meeting will be the largest ever held."
Henry Hardy, past potentate of Tangier Temple, Omaha, writes:
"I want to congratulate you upon the very complete manner in which you have brought this session of the Imperial Council before the nobility. If your notices are an indication of the general arrangements we can look forward to the greatest seswe can look forward to the greatest ses-sion in the history of the Imperial Council."

Banquet at Riggs House. The banquet to the Imperial Council wil ake place at the Riggs House the evening of May 22, and will be a notable event About 250 guests will participate, and the menu and decorations will be of a sumptuous character. The banquet will begin af-ter the imperial potentate and the reprentatives composing the council have re-lewed the parade from a stand, which will

viewed the parade from a stand, which will be erected on Pennsylvania avenue, oppo-site the White House. The parade will be novel in the history of Washington, inas-much as it will be composed entirely of no-bles attired in full evening dress and wear-ing the red fez indicative of the Mystic Shrine. They will move to the music of nu-merous bands, through brilliantly illumina-ted streets and avenues, while special disted streets and avenues, while special dis-plays of aerial fireworks and unique set pieces will be made at several points, in-cluding the west front of the Capitol, the south front of the treasury, and at 17th street and Pennsylvania avenue.

Considering Bids.

The important question of awarding the ontract for the illumination and the fireworks will be settled tomorrow night at a meeting of the committee on decorations, when the subcommittee, which has been considering the proposals received, will make its report. The bidders include the leading pyrotechnic firms of the country, and the competition for the work has been keen and animated.

\$12,000 Mark Passed.

Subscriptions to the entertainment fund of \$50,000 have reached over \$12,000, and a number of large contributions have been asannounced yet. The confidence everywhere felt that a great crowd will come to Wash-ington during Shrine week, and be of impor-tant substantia: benefit to the business in-terests of the city is being shown by the way business men are contributing to the fund.

COULDN'T KEEP IT.

KEPT IT HID FROM THE CHILDREN. It goes so fast I have to hide it, because the children love it so. It is just the food I have been looking for ever so long; something that I do not have to stop to prepare, and still is nourishing. Wishing you all the success you deserve," MARY Y. MARGESON, 80 Lincoln st., Winthrop, Mass.

Mass.

Grape-Nuts is the most scientifically made food on the market. It is perfectly and completely cooked at the factory and can be served at an instant's notice, either with rich cold cream or with hot milk if a hot dish is desired. When milk or water are used, a little sugar should be added, but when cold cream is used alone the natural strape sugar, which can be son elistening on the grape sugar, which can be seen glistening on the granules, is sufficiently sweet to satisfy the palgranules, is sufficiently sweet to satisfy the pal-ate. This grape sugar is not poured over the granules, as some people think, but exudes from the granules in the process of manufacture, when the starch of the grains is changed from starch to grape sugar by the process of manufacture. This, in effect, is the first act of digestion; there-fore, Grape-Nuts Food is predigested and is most perfectly assimilated by the very weakest stomach. Made at the pure food factories of the Postum Cereal Co., Ltd. Battle Creek Mich. FINANCIAL.
